2.0. CSR PROGRAMME SECTOR

2.1. PROMOTING EDUCATION

*Education is the movement
from darkness to light.*

“Promoting Education” is the key area under CSR of UPL. Our endeavour is to support schools which are in the vicinity of various sites across India, providing basic infrastructural support as well as individual encouragement of student through UPL Meritorious Student Award which results in achieving our objective.

It is worth to mention that “Education” is crucial for socio-economic progress. However, it is still out of reach for so many children. Therefore, it is essential

to provide impetus to efforts in providing basic infrastructure in schools.

The operating sites of UPL selected the activities on the basis of need which have been indicated by the school authorities. It ranges from pencil to desk-bench and other needful interventions.

The key activities under “promoting education” programme sector has been presented in the tabular form which depicts our endeavour. **The words of Reverend Mother Teresa gives force to our endeavour as it says- “We sometimes feel that what we do is just a drop in the ocean, but the ocean would be less because of that missing drop.”**
